If you are interested in applying for a Wish that will be considered for Warrior’s Wish 2023, please register through our private, secure online registration system here. We will contact you to discuss the program and eligibility requirements.

What is a Wish?
Beyond meeting immediate physical and emotional needs, Warrior’s Wish fulfills a desire for quality of life beyond recovery and a quest for life gratifying endeavors. Whether the Wish is equipment for a favorite hobby to support therapeutic benefits and rehabilitation, tools for a small business as a new means of supporting the family unit, or taking a trip to reclaim one’s self or experience something new, Warrior’s Wish Program encourages all eligible applicants to apply. Warrior’s Wish requests cannot include debt reduction, new home purchases, or bill/automobile payments. Wishes must not compromise moral and ethical standards of behavior as defined by the organization’s board of directors.

For a look at past Wishes, click here.

What are the minimum eligibility requirements?
Warrior’s Wish policy states that in order to meet the minimum eligibility requirements, the military veteran must have sustained injuries in the line of duty, post-9/11 AND have a VA disability rating of at least 70% for at least one single injury. Other factors considered include the impact on the activities of daily living for the service member.

What types of documentation will be requested?
• Proof of injury sustained in the line of duty
• VA disability paperwork showing injury breakdown with at least one injury rated at 70% or higher
• Monthly household budget
• Letter of recommendation from mental/medical health physician
• Personal essay explaining why this wish is important to you and how it will help you improve in one of our six wellbeing domains. These include social support, community connectedness, life roles, physical wellness, and emotional wellness.

Approximate Timeline for A Warrior’s Wish 2023 (refer to website for changes)
